That, in essence, is what we're seeing with Donald Trump and Hillary Clinton.

Whether we're conscious of it or not, we no longer want to elect a man or woman to represent us, who will support the Constitution which sets us apart from the rest of the world as a free Constitutional Republic; instead, we want someone who will take over and rule.

Having thrown out our moral compass along with the Bible, and the Rule of Law along with the Constitution, What's Left of America is ripe for destruction.

It won't be long now, and it won't be pretty. We're settling back into what's really the norm for all nations in a broken, fallen world, after two centuries of being a shining light on a hill. It's over.

Have you noticed that Islam is wiping out entire cities & villages in the Middle East as they swarm? They're doing what they've done for 1400 years now.

Have you noticed that as all the fighting-age mooooslims swarm into Europe the murders and especially the rapes of European women are increasing astronomically?

Have you noticed that European countries, for the most part, forbid their citizens owning firearms with which they could protect themselves?

Have you noticed how the left and even many on the "right" in America have been calling for "common sense gun laws" which in truth are just intended to remove guns from the hands of all law abiding Americans?

Have you read Joel Richardson's "The Islamic Antichrist", which is essentially a Biblical preview of what's coming worldwide, as Islam swarms across the globe killing, raping, stealing, and destroying everything that western civilization has given to the world, showing that they do it all in the name of their demonic moon god "Allah"?

It's way past time to wake up, America.

It's way past time to be on your knees to the Living God of Abraham, Isaac, and Jacob, and to His Son, Jesus Christ, asking for forgiveness for what we've allowed this beautiful nation of ours to devolve into.

It's way past time to be buying all the firearms and all the ammunition that we can afford to buy, every pay day, and to be practicing with them regularly in order to be prepared for what's coming.

It's going to get very, very dark, people.

I highly recommend that we ALL get ready, spiritually, mentally, and physically. NO president is going to save us from what's coming.

Get ready now.

As a 27 year old staff attorney for the House Judiciary Committee during the Watergate investigation, Hillary Rodham was fired by her supervisor, lifelong Democrat Jerry Zeifman.

When asked why Hillary Rodham was fired, Zeifman said in an interview, "Because she was a liar. She was an unethical, dishonest lawyer, she conspired to violate the Constitution, the rules of the House, the rules of the Committee, and the rules of confidentiality."

I suspect that Chris didn't really keep track.

> The discrepancy can be traced back to Kyle's separation documents, known in the military as a DD214. The DD214 is generated locally at the command where the service member is separated from the military. According to Kyle's DD214 he was awarded two Silver Stars and six Bronze Stars with valor. This number differentiates from both the actual number of medals Kyle received and the number of medals he claims to have received in his book. The Navy could not explain why the number of medals Kyle received on his DD214 differentiated from the number of medals he was awarded according to the internal Navy documents that brought this controversy to light.

Exclusive: 'Hillary Clinton Took Me Through Hell,' Rape Victim Says

The woman at the center of the scandal over Hillary Clinton's defense of an alleged child rapist speaks out in depth for the first time.

Hillary Clinton is known as a champion of women and girls, but one woman who says she was raped as a 12-year-old in Arkansas doesn't think Hillary deserves that honor. This woman says Hillary smeared her and used dishonest tactics to successfully get her attacker off with a light sentence—even though, she claims, Clinton knew he was guilty.
